

# A Bear Cat

## DEFINITION AND DERIVATION

Taken from the vernacular "Bear Cat," according to experts, means class personified. In other words, it's a world beater and cannot be touched. Its derivation is from the slang.

## THEREFORE SEE A FACSIMILE MADE OF GLASS AT

Therefore, we have given this name to the "Bear Cat" sold by us. First because the Renfrew is a world beater. There are no other separators on the market that can touch it, neither for its close skimming efficiency or its many perfected mechanical features. It will surely pay you to investigate our "Bear Cat."
